Lubricating white paraffin oil

Paraffin food grade oil for general lubrication purposes. Can be used in the authorized industrial operations wherever there is the possibility of food contact. It can be used as a general lubricant in various applications in the food processing industry. The product gives excellent results as general lubricant in the textile, knitwear, food and beverage industry. It generally can be used whenever very high cleanliness levels are requested or in environments that require regular cleaning with water. Also, suitable as base oil for food grade lubricants and greases.

It will perform well as dough divider oil and as a lubricant for cutters, knives, conveyors and rollers in packaging equipment. Also suitable for use as anti-corrosive for food processing machines.

This product is NSF H-1, 3-H and HX-1 approved. 3-H approval is required in bakeries for the lubrication of dough cutting equipment (full contact) according to HACCP advice.
